Work Experience

▪ **Infosys Limited, USA, Consultant - BSA**

Sept.2019 - Present

Consulting Starbucks Corp SCM OM services on workflows for process automation on Visio, interfaces, data management, artifacts, and DCS orchestration. Optimized end-to-end processes on SCM, OM, INV, automation of AP/AR, 3pl, kitchen order, and sourcing process from client account, utilizing databases. Supported PwC as a Team Lead, helping develop over 3,500+ reports & dashboards, designed dossiers in MicroStrategy, and developed a strategy to automatically extract data from SSMS to the dashboard through the applied MicroStrategy platform, helping in diverse project gathering and PBIs. Currently consulting as a BSA with EMERA, gathering business requirements for multiple projects, estimating high-level project financials, strategic direction, project scope development, and delivery, being part of the projects steering committee, reaching out to vendors, conducting assessments, and implementing solutions from the project and company portfolio.

▪ **King Paper Limited, USA, Analyst**

Jan.2018 - Feb.2019

Collaborated with paper mills across the North American market, managing reports for over 20+ million dollars on POs and Transfer Requisitions. Generate KPIs and information for delivery dates, ETA, SPD, and ETD. Filled AES U.S. customs and ocean freight, vessel and booking, contract management, DAP, DDP, CIF, and invoicing clients. We generated a demand forecast for vessels' container allocation.

▪ **Schlumberger Limited, Colombia, Procurement Specialist**

July.2015 - Dec.2017

Proactively completed RFP requisition for item details, including valve sizes, rentals, and repairs for Fortune 100/500 Company in SAP platform. Reconcile business analyst reports in Tableau for delivery dates, RDD, costs, and cancellations. We are committed to providing business intelligence reports within the procurement department.

▪ **South Florida Courier Systems, USA, Analyst**

Jan.2010 - Jan.2015

Administered reports in the database and committed to examining documents and corrected technical errors. Contacted clients, offered service products and technical support, and oversaw driver schedules and customer needs.
